About IFT

Children are a powerhouse of ideas and innovation but they lack a platform to express freely, solve real-world problems, and build the confidence to innovate.

ENpower's India's Future Tycoons (IFT) bridges this gap as India's first national entrepreneurship search and mentorship platform for young innovators (13–18). We enable young minds with the skills, mindset, and courage to create real-world impact. Children experience a journey where they learn how to identify real-world problems, build solutions, and develop entrepreneurial thinking through expert-led mentorship, founder bootcamps, and a national pitch stage.

IFT is a launchpad for confidence, creativity, and purpose, helping students transform ideas into action while gaining visibility, recognition, and access to funding and global opportunities.

FAQs

1. What is India's Future Tycoons (IFT)?

IFT is India's first-ever entrepreneurship search & mentorship platform for young adults (students). It allows students to showcase ideas, get expert mentorship, and refine ventures that solve real-world problems

2. How to bring IFT to our school?

Schools can fill in the form & our team will get in touch with your team.

3. Who can participate in IFT?

Students aged 13–18 years from any school in India can register and submit their ideas, either individually or as teams.

4. What are the fees to participate in IFT?

Participation in IFT is completely FREE for students.

5. What is the structure of the program?

IFT is carried out in multiple levels of learning and evaluation:

- Idea submission & shortlisting
- Interactive learning sessions
- Mentorship and refinement of ideas
- Residential boot camps
- Final pitch showcase to judges

6. What happens at the bootcamp and finale?

- Top ideas of the year are invited to a 3-day residential bootcamp where:
- Students get 1-on-1 mentorship from industry experts & entrepreneurs
- They prepare for the grand finale pitch
- They compete for prizes, recognition, and investor attention

7. What can participants win?

- Cash prizes & awards
- Mentorship and networking opportunities with expert judges
- Possibilities of seed funding for their venture ideas
- Exposure on national & international platforms such as NFTE and UNGCNI events.

8. Is it just a competition?

No, it's more than a contest. IFT is an experiential learning journey that builds an entrepreneurial mindset and real-world problem-solving skills, not just idea pitching.

9. How do I register or learn more?

You can register or get more details on the official platform dedicated to IFT — India's Future Tycoons, via ENpower's website.

10. How does IFT benefit students beyond prizes?

IFT helps participants in building life skills like creativity, critical thinking, collaboration, and leadership, and learn to convert problems into solutions
